To the co-coordinators of The North East Clown Institute:

Thank you so very much for including me in your wonderful program. Over the past 20 years I have participated and taught at literally hundreds of events all over the country and overseas. I was delighted with the program offered by NECI. The camaraderie and fun atmosphere was inductive to a greater level of learning! I was honored to be a part of your terrific program!

You do a great job and provide a wonderful service to all the clowns who participated! Keep up the great work.

Originally yours,

Tricia Manuel
